### SUMMARY

As a driven 2nd-year CSE student at GMIT, I bring a unique blend of technical and creative skills. With a solid foundation in programming languages like Python and C, I excel in coding challenges and frontend development. I'm also passionate about photography and videography, with a keen eye for visual storytelling. As a natural leader, I thrive in collaborative environments and am eager to explore the intersection of technology and art. I'm excited to connect with like-minded individuals, learn from industry experts, and contribute my skills to innovative projects, leveraging the strong academic foundation and resources provided by GMIT's CSE department.

### EXPERIENCE

- |                                   |             |
|-----------------------------------|-------------|
| • Ardent Kolkata Internship       | 2024        |
| • Director of Photography (TMMF). | 2020 - 2021 |
